"From their location in one of Atlanta's hottest areas directly on the Beltline to the level of interior finish and quality of product used, The Residences at Studioplex will provide the highest level of townhome living possible," said Chris Rudd, president Thrive Homes.

Featuring painted brick and limestone elements, signature metal sunshades, and walls of windows that provide an abundance of natural light, future residents will enjoy a one-of-a-kind home nestled into an area filled with incredible food, culture, and community. Other exterior features include a private balcony facing Atlanta's Beltline and an intimate rooftop terrace with a fireplace and pivoting glass doors, perfect for entertaining.
